RETROSPECT

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The methodology section describes the research design and the data collection process. The results section presents the findings of the study, and the conclusion section summarizes the main findings and provides recommendations for future research.

The study was conducted in a laboratory setting, and the data were collected using a series of questionnaires and interviews. The results of the study show that there is a significant relationship between the variables being studied. The findings suggest that the research has important implications for the field of study.

The research was conducted over a period of six months, and the data were analyzed using statistical software. The results of the study are presented in a series of tables and figures. The conclusion of the study is that the research has provided valuable insights into the topic being studied.

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000). The number of people aged 85 and over has increased from 1.5 million to 2.5 million.

There is a growing awareness of the need to develop services to meet the needs of older people. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to improve the lives of older people. The strategy is based on the following principles:

- Older people should be able to live independently and actively.
- Older people should be able to access the services they need.
- Older people should be able to participate in decisions about their lives.
- Older people should be able to live in their own homes.

The strategy also sets out a number of key objectives, including: to improve the health and well-being of older people; to improve the quality of life of older people; to improve the support available to older people; and to improve the way in which services are provided to older people.

The strategy is a key document for the development of services for older people. It provides a framework for the development of services and sets out the government's commitment to improve the lives of older people.

As Dickens wrote, "It was the best of times; it was the worst of times." Peach County High School students say, "It was the age of celebration; it was the age of futility. It was the season of delight; it was the season of disappointment." In short, the 1987-88 school year was one of **LASTING IMPRESSIONS**.

# LASTING

# IMPRESSIONS

In order to get the Complete Picture of what goes on at Peach County High, you must look into the faces of the people. Half smiles say I understand or don't worry; it will work out. Ecstatic smiles say gosh we love this place! Looks of frustration painfully say I should not have taken this course. Expressions make the picture. Emotions tell the story. They all add up to LASTING IMPRESSIONS.

# The Complete Picture

# What We're All About!

It would be nice to have a year of perfect days, but we all know that's a chimera. Few days, if any, are perfect. So, we are left to cope with the obstacles of each day. This is simply a fact of school life. Making the best of things is What We're All About.

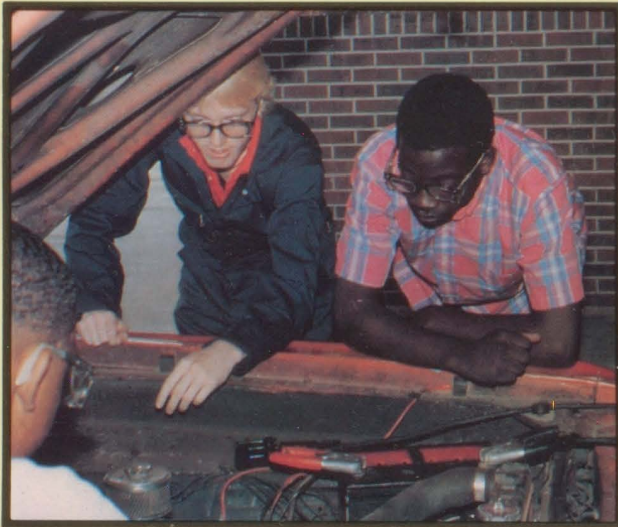

## LASTING IMPRESSIONS

# A Trojan's

A day in the life of a Trojan is many things. It's getting to school early to talk with your friends or getting to school late and spending twenty minutes standing in line trying to get a late slip. It's hours of homework that you should have done or cramming the hours worth into the five minutes between classes. It's the special feeling you get when you make an "A" on a geometry test or the agonizing feeling you get when you don't make the team. It's wasting five minutes trying to get into the restroom or compressing hours of fun into the thirty minutes we have for lunch. It's taking everything as it comes and loving every minute of it! It's leaving LASTING IMPRESSIONS!

Everyday ...

## PUSHING FOR PERFECTION

We often find ourselves competing. It is not simply a struggle to be better than someone else. It's Pushing for Perfection from within — being the best that we can be.

This is as evident at Peach County High as it is anywhere. Whether striving for perfect papers or perfect performances, PCHS students rise to the challenge. The result is a year of LASTING IMPRESSIONS.

Top: Larry Johnson takes time out for some serious studying. Below: Mr. Carter arrives for another day of making LASTING IMPRESSIONS.

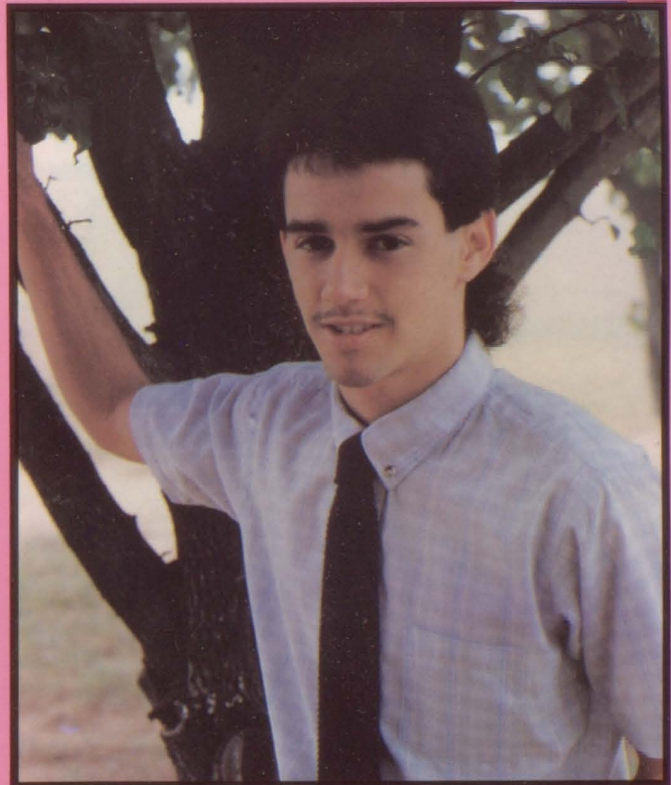

# OUTSTANDING SENIORS

Outstanding Seniors at Peach County High School are selected by teachers from 11 different departments. These seniors have proven to their teachers that they are and have been doing an outstanding job in these subjects. Some teachers admit to the fact that it was quite hard to narrow it down to one outstanding student; other teachers proclaim that it was almost too easy. However, the students say that they do not feel any more outstanding than the other students, but we know that the thrill is there!

The seniors are eager to move on, so that they may use and further develop the skills they have obtained in each department. After graduating we hope that these seniors will remain Outstanding and make a **LASTING IMPRESSION** upon the world as they have at PCHS.

# SELECTION

## ENJOYS

The 1987-88 Selected Seniors were chosen by their fellow classmates by popular vote. We would like to congratulate these seniors for being an outgoing group of individuals.

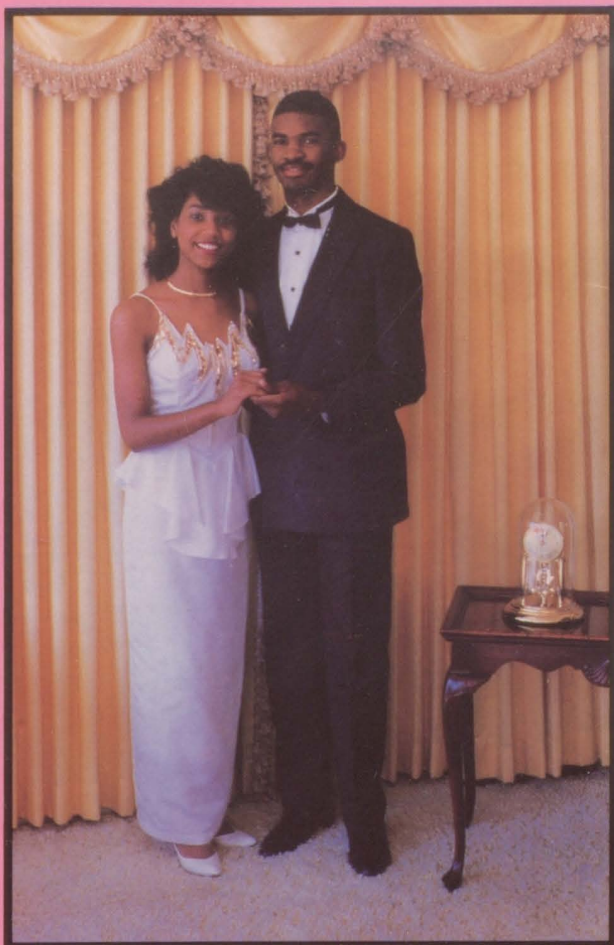

Although this was a popular vote, we know that there were many other qualities that the seniors considered before making their final choices. This is a very versatile and talented group. Not only are they good students, but they are also involved in many extracurricular activities. Among this group are athletes, cheerleaders, Golden Girls, and officers of many school organizations.

Their hobbies include shopping, hunting, reading, and playing tennis. When asked, these seniors indicated interests in many Georgia colleges and in many areas of study. Included as possible majors were business management, communications, and engineering.

We know that as these seniors pursue their chosen careers that they will leave LASTING IMPRESSIONS.

### DEDICATION

The 1988 Retrospect is dedicated to Mr. Frank Spearman, who has served as principal of Peach County High School since 1985. Mr. Spearman served as Vocational Supervisor before assuming his present position. His guidance, concern and understanding make our big problems seem small and the 180 days seem short. His enthusiasm for all of the activities at PCHS helps us to face the challenge and to accomplish our goals. The 1988 Retrospect sponsor and staff especially thank him for the confidence that he showed in us and the support that he gave us.

Mr. Spearman and his wife Debbie have one daughter, Jennifer, who is a member of this year's graduating class. Mr. Spearman, we salute you, we thank you and we wish the best for you as you continue to make those LASTING IMPRESSIONS.

# Last Will and Testament

I, SANDY AXTON, being of overloaded mind and short body, do hereby leave Mrs. P. my gratitude; to my sis, Tracy, the ability to keep her mind on work instead of boys; to my Mama and Diddy, the thanks for always being there and supporting me; Greg and T.J., only two left — one more year, you can do it; to Dano, the ticket you wrote me; to K-ren, remember the Fence, and a c-----; to Shannon, all the times you have been a great friend; to K-ren, Chelle, Terri, and Glenn, I leave with them; and last, I leave PCHS forever!

I, STEPHANIE BENTON, being of sound mind and exhausted body, do hereby leave to Mel, my everlasting love, friendship, and "nerdiness"; to Marti, I leave the endurance to graduate from high school; to Big Ma and Mrs. Dixon, the loneliness of lunch without me; to Mr. Fibbe and Mr. Spearman, Osiris and his passwords; and to the world, "Watch Out!," here comes the class of '88!"

I, JASON BRADSHAW, being of more mind than body and vice versa, bequeath the following; to the teachers who have had the honor of teaching me, nothing; to the teachers who were mean and unfair to me, the thought that one day I will sign your paychecks; to all the people who wanted me to leave them something, come and get what you can! God Rules All!!!

I, AMY BROWN, being of unique mind and body leave to Derick, my great science grades; to Laura Ann, all of my best grades ever; to Beth Upshaw, my willingness to want success. Now that I leave, I leave with the best seniors PCHS has ever had!

I, SHEILA DAWN BREWER, being of intelligent mind and gorgeous body do hereby bequeath to Stacey and Audrey, all the luck they will need to pass their learner's exam (even though they already know how to drive a mail car); to my lil' sis, B.J., I leave a pinch of my success to add to her own — "I am proud of you J.B.!!" Last, but by all means not least, I leave Billy Joe, alone at PCHS, but not in my heart.

I, SAMUEL (GARFIELD) BUTLER, being of a so-so mind and an overweight body, do hereby bequeath the following; to Frank Hill, the rest of my prison term and a new way to school (use your two feet); to Mrs. Barber, I leave all the remarks in your class for another student to take in my place; to Mrs. Washington; I leave you the good and the bad times in DCT; and to VICA, I leave you with my deepest desires to do good with your 88-89 officers; to Jennifer Wehunt, I leave my big mouth, which you really have no use for any way; to Chandra Dixon and Trina Steele, my friendship and my beautiful dippitions; and to all my other friends, I leave them the wish to do well in life, live long, and prosper.

I, ELIZABETH NICOLE BURSE, being of bound shound and mody, I mean sound mind and body, do hereby leave the following; to my little brothers, Michael Dinkins and Jamie Latimore, I leave the keys to my car. I also leave to the before stated, the refrigerator in my garage and the ability to decide whether they want to be friends or not. To my other "little" brother, Maurice Draine, I leave my love and hopes for much success. I leave the PCHS cheerleaders much luck. Finally, I have one special gift to leave; to all of those who caused my problems at Peach County High School; I leave you all . . . ALONE!!

I, JACKIE BROWN, being of crazy mind and able body, leave to my sister, ONE sweater; to my nephew, \$10.00 to buy some fries; my mother, a nice bed; and to my father, \$5.00. I leave to Eddie all the wonderful feelings and emotions we have shared, for the time has come.

I, KANDACE WISTERIA BROWN, being of sometimes pressured mind and tired body, leave my ability to stay calm and relaxed to

my underclass friends that I am leaving behind. I also hope that you will be smart so you can join VOT class and leave school at 1:00 to go to work.

I, LAFREDA CANADY, being of sound mind and unique body, do hereby leave to my sister, Anesa Coleman, the ability to make it through Peach County High; and to Lynne Hamlin, I leave the ability to not let certain people get to her. Last, but not forgotten, I leave Keith Hughes with the thoughts that I will always remember him.

I Drea, being ANDREA D. CARTER of excellent quality and quantity leave to Donnette the ability not to be jealous because she does not have a date during the weekend, to Trina the ability to have a low, low telephone bill like mine, to Vickie the ability not to get too temperamental with the likes of "my friends." To Adrian or Andre my room as long as he keeps it as clean as I was supposed to. To Mommy and Dada, my love and the ability to be prompt about everything as I was and will be, and to James B. McKellar all of my love and the ability to have and make good "Chili Sauce." Oh by the way, to Keith Burnett the ability to tell better jokes.

I, BEVELYN CHRISTOPHER, with all respect possible, will all my love to my family, especially Johnnie and Brittini. My loving gratitude to the underclassmen, and my REEBOKS to Clyde. I may also will my great sense of humor to Rex, and most of all, I leave my heart to Tony.

I leave to my parents the deepest of gratitude for your help and trust; and last, but not least, to my husband Joe, all my love and thanks for your support.

I, WAYNE THOMPSON, being of sound mind and body, leave my personal IOU to the Vocational Department for all the knowledge which they have given me. To Mr. Tharpe, I leave my tool belt in hopes that he can find someone to fill my shoes. To Mr. Corbin, I leave my thanks and gratitude.

I, ERIC TRAWICK, being of dilapidated body and worn out mind, will to Henry a way to school and a way home; to Leslie O. and Wendy R., the ability to survive without my wonderful sense of humor; to Stacey C., a lock of my hair to pull on next year; to Miss Rumley, the ability to handle a computer with such expertise; and to all underclassmen, Good Luck.

I, LAURIE VEGA, being of sound mind and body, leave a steak dinner to Shannon R. and Dena B.; lots of luck to Leslie Cox in her next three years at PCHS: Thanks to Mom, Ken, and Vickie; and I leave all my love to John Rumph, forever and always!

I, ELIZABETH WALLACE, bka BODEE, being of empty mind and high spirits, leave to Keith Burnett, a great friend, all my happiness. I also leave her ability to go in search of someone's house and find it by herself; to Rich Haddock, I leave someone as fun as myself for him to pick on. I also leave him my kindness and great attitude in hopes that he will use them and let people stay at his house and ride in his fine car. To Deanne Dotson, all my advice, so that

maybe one day she will get her love life worked out; to Tammy James, I leave someone to gossip with; to Jerry Eddy, prayers that he will make it through football games alive; to Burt Rumph, the ability to leave Marshallville at 8:20 and make it to school by 8:25.

I, EVELINE WALKER, being of sound mind and okay body, leave to my friends: Angela Howard, my ability to get a *cute* dude; to Cassandra Robinson, my seat in English IV; and last, but not least, to Kim Howard, I leave my great sense of humor.

I, RACHAEL WALTON, leave Darrell Hallman all the best in his future with swimming. I also leave my ability to him to be able to keep swimming during the good and bad time. I leave to Ben, "my little brother," the ability to beat up on smaller people. And FINALLY, I leave WITH the Class of '88 to find what we may call happiness.

WE, TIM "KILOWATT" WATSON and HAROLD "D.J.-H.C." CARSON, of slippery minds and fatigued bodies, leave this will of instability to females of PCHS who are yet to define the word "Fly." To you we leave our character, poise, and these phrases: "The South will remain your fate, until you enjoy the essence of up State" and "Act like you know how."

I, KIMBERLY WILLIAMS, being of sound mind and very able body, hereby leave: my parking space to "Ah Choo," my understanding to Robin B., my sense of humor to Gena A. (for P. and L.), and my warm smile to everyone whom I have met. I leave peaceful nights to my parents, away from my guitars. My casual attitude goes to anyone who wants to graduate without going insane, and my sense of direction goes to those who insist on following behind others. Lastly, I leave the ability to mind your own business to 99.9% of PCHS. "You know what time it is!"

I, ASHLEY WILSON, do hereby leave Tiffany Thames a good supply of Christmas music — Watch out Keith? To Jay Lesley, I leave all of my Ratt tapes; to Mrs. Thomas, I leave an unoccupied closet; to Derrick Pinney, I leave a good supply of black bikinis; and to my favorite sophomore, Matt Perry, I leave nothing, because to me, he has got it all. I would like to wish my fellow Seniors good luck, Holly Nelson, who has been the best friend anyone could ever have. To Chuck Hinson, I would like to say, "Get that off your cheek!" To Sean — Good luck in Yazoo City, Mississippi! And the best of luck to Jenny and Jason — I love you. May the lunch butt tradition live on.

I, FRANKIE WOOD, being of sound . . . sound . . . sound . . ., I can't remember, oh well, leave. I'm just gonna leave.

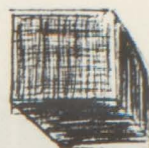

I, CHUCK WOODSON, being of sound mind and very able body, leave to my brother, Vic, the ability to continue to dog the girls out and keep the girls crazy about him at the same time, and to the "Z," my experience. To all the fellows, remember to always keep and "Ace" in their back pockets. And last, but not least, I leave all my love to a very special young lady in my life. To Shari I leave all my love to carry on with her when she goes off to college.

I, BENJAMIN ZELLNER II, being of a logical mind and body, leave all my coolness to the PSI'S. I leave all my debonair and GQ ways to Gerald Adkins; my lunchroom seat to Jabbar Reynolds; my cotlers to Leon Jones III; and to PCHS, a new dress code.

# MIKE SIMPSON NAMED STAR STUDENT

## *High SAT Score*

The Star Student had to take the SAT on national testing dates between January 1, 1987, and December 31, 1987, and achieve the highest score in the Senior class. Mike Simpson claims the prestigious honor this year.

Mike's interests include karate, drawing, playing the piano, origami, computer programming and debate. Origami is the art of folding paper into many shapes including birds. Mike is a member of the National Honor Society. He was named an Outstanding Senior in English and Foreign Language. After graduation, Mike hopes to attend Washington U. in St. Louis and study architecture.

# THOMAS ORR NAMED STAR TEACHER

## *Again This Year*

Mr. Thomas Orr, Mike's Gifted English and History teacher, was selected for having made the most outstanding scholastic contribution to the Star Student.

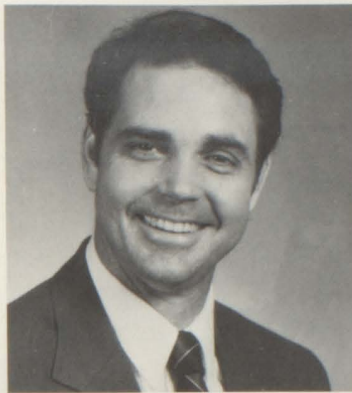

Mr. Orr has earned degrees in Music, History and English. He has studied at Columbus College, Auburn, Kings' Cambridge U., the U. of Paris and Oxford U. When asked for comments about Mike, Mr. Orr remarked, "He is creative, innovative and a logical thinker, even though he realizes that human beings are not bound by logic."

Mr. Orr has been chosen Star Teacher two years in a row. He said, "With the quality of my students, it is easy to be chosen Star Teacher two years in a row." Mike's comment about choosing Mr. Orr for Star Teacher was, "I started thinking in his class."

Peach County High School has a successful academic program, to a large degree, because of the effectiveness of its faculty. Many faculty members hold degrees at the master's level and beyond. During the summer, as well as the academic year, faculty members continue to gain expertise through participation in college classes, travel, and staff development activities. The curriculum is designed to prepare students for effective citizenship and leadership and to develop the physical and mental skills needed for constructive and productive lives. The faculty offers enrichment activities and uses a variety of teaching techniques and materials to help meet its goals. Peach County High School students will be prepared to take their rightful places in society now and in the future as the faculty continues to make those LASTING IMPRESSIONS.

### WELCOME, OSIRIS

Osiris, the wonder computer, was welcomed into the Peach County High School family in August 1987. She was highly recommended by the great minds of the century for she was to perform miracles that were never before imagined. There were oh's and ah's from the faculty when they heard such comments as more time to teach, reduced paper work, no more grade sheets, no more grade registers, computerized report cards.

The excitement was unbelievable. More predictions were made. Someday Osiris will eliminate calculation sheets, daily absentee reports and even attendance registers. Pinch me; I must be dreaming. Does this wonder machine have any limitations? Perhaps she can give all teachers smaller classes or maybe a built in yearly 10% raise. Surely she can handle duty free lunch. Can she sell tickets or do bus duty? The dream lingers; the possibilities are limitless.

Thanks, Osiris, for all you have done. We hope that your miracles will continue as you continue to make those **LASTING IMPRESSIONS**.

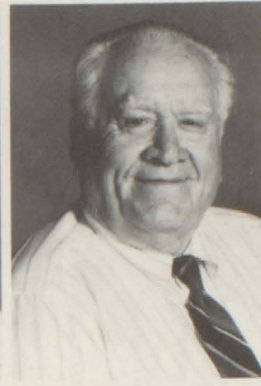

Producing the first computerized report cards was a major concern for Mr. Spearman. Our sources say that he was up until 1:00 A.M. for two nights before the all revealing day. He was feeling rather confident the second time around.

Mr. Wooden and Mr. Fibbe, our counselors, have been busy feeding OSIRIS information on all of our students. In just a few minutes they were able to provide the Retrospect Staff with a complete alphabetized listing of the entire student body. We know that they will continue to make those **LASTING IMPRESSIONS**.

**What has been your most embarrassing moment in High School?**

During my freshman year, I mistakenly went into the boys' bathroom and bumped into Jason Rachels.

Audra Wood

When I fell down in the lunchroom and dropped my tray and everybody started clapping.

Greg Gatliff

I fell asleep in my second period class and awoke to find third period students staring at me.

Chris King

When I slipped and fell on the floor my freshman year.

Jennifer Taylor

Messing up on my solo in band.

Chris Allen

I spilled milk down my leg at lunch and my friends started singing "milk it does; milk it does the body good."

Leslie Oglesby

Spilling chocolate milk all over my white pants and having to walk to the office from the lunch room.

Name Withheld

I walked into one of the outside benches and flipped over onto the ground.

Representative Larry Walker takes time to pose with a group of students after the ceremony. State representatives in this area are known for their concern for students.

## A BICENTENIAL CELEBRATION

In the spirit of patriotism, Shelly Cheek draws a flag for a classroom ceremony.

On September 18, 1987, the students, faculty, staff, and administration of Peach County High School gathered with area citizens to celebrate the 200th ANNIVERSARY OF THE UNITED STATES CONSTITUTION. As the students moved from their morning classes to the lawn in front of the school, the scene was being set. The speaker, Representative Larry Walker, and other guests took their places on the platform as VICA members prepared for the flag ceremony. Music had been prepared by Mrs. Lumpkin's Choral music class and Mr. Lindsey's band students. Balloons were launched; the ceremony had begun.

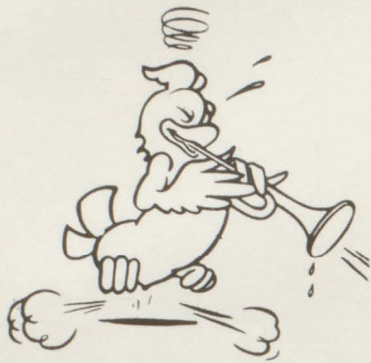

The audience was reminded by Representative Walker of the worldwide importance of the Constitution. The ratification of the U.S. Constitution presented a sign that there was hope for oppressed peoples everywhere. The American colonists had revolted against the mother country and had established her own laws and government. It was a cause for celebration.

Later that afternoon, students participated in a nationwide radio celebration which was broadcast over the intercom during class.

The celebration of the 200th anniversary of the Constitution marked yet another day of *LASTING IMPRESSIONS*. 91

# TROJANS TAKE NO PRISONERS

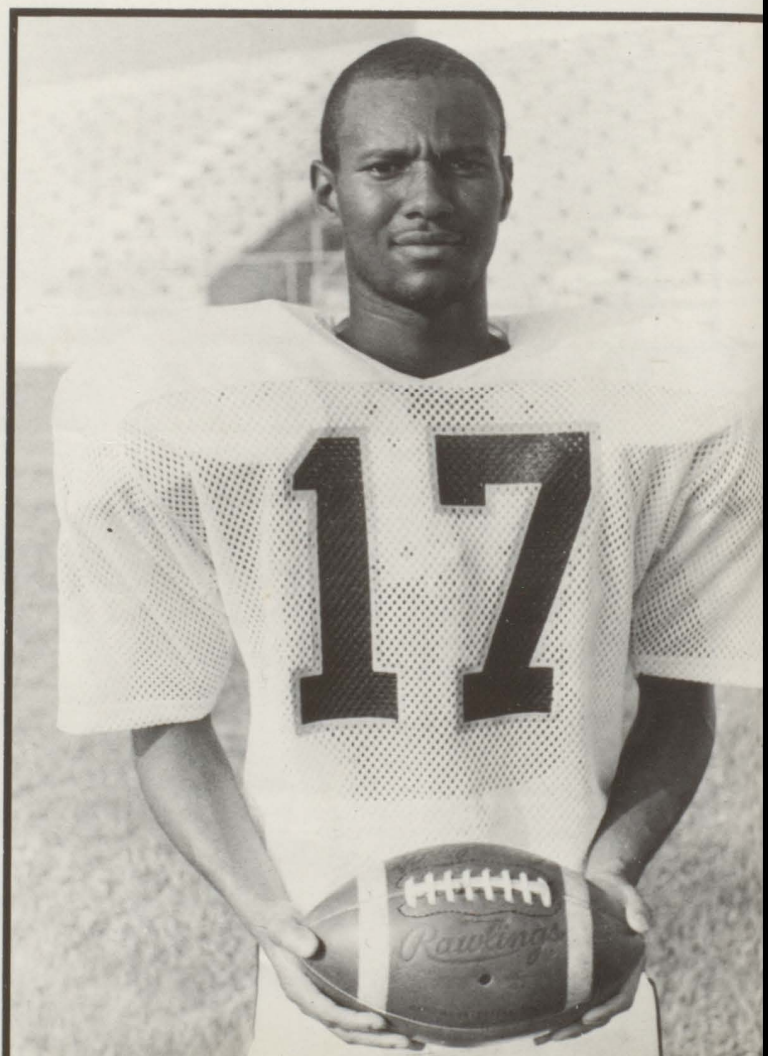

Charge! Entering the field, filled with the spirit of victory, the Trojans refuse to take any prisoners. They vow to destroy all opponents for the pride of their school.

Reginald Taylor, this year's quarterback, takes time out for a picture before taking the field in a preseason scrimmage to prepare to defeat the enemy.

After several glowing preseason reports, the Trojans rallied for a season record. The combined efforts of the offensive team and a defensive line that took no prisoners, attracted several sell out crowds and helped produce a year of LASTING IMPRESSIONS.

# THE DRIVE IS ON

Worth County posed the greatest threat to the Trojans. The close game kept the fans on the edge of their seats. The Rams proved to be a "Worthy" opponent, for at the end of the game, they led 21-14.

The Rams proved too much for the Trojans a second time on their road to a State Championship.

At Left: The stage is set. The Trojans prepare to take on the Americus Panthers. Sorry Americus — We must claim VICTORY.

Hats Off!: In their last season of prep football, seniors Harold Carson — 63 and Rodger Pinney — 60, gave it their all from start to finish.

# Coming From Behind

Even before the first game, the Trojan and Lady Trojan basketball teams found themselves trying to catch up. This was the result of an extended football season which kept football players and band members off the practice courts until the last football

game. When the last football game was lost to Worth County in December, the basketball coaches had already been forced to postpone games. Nevertheless, the Lady Trojans went on for a record season.

## A Little Scrimmage Never Hurt

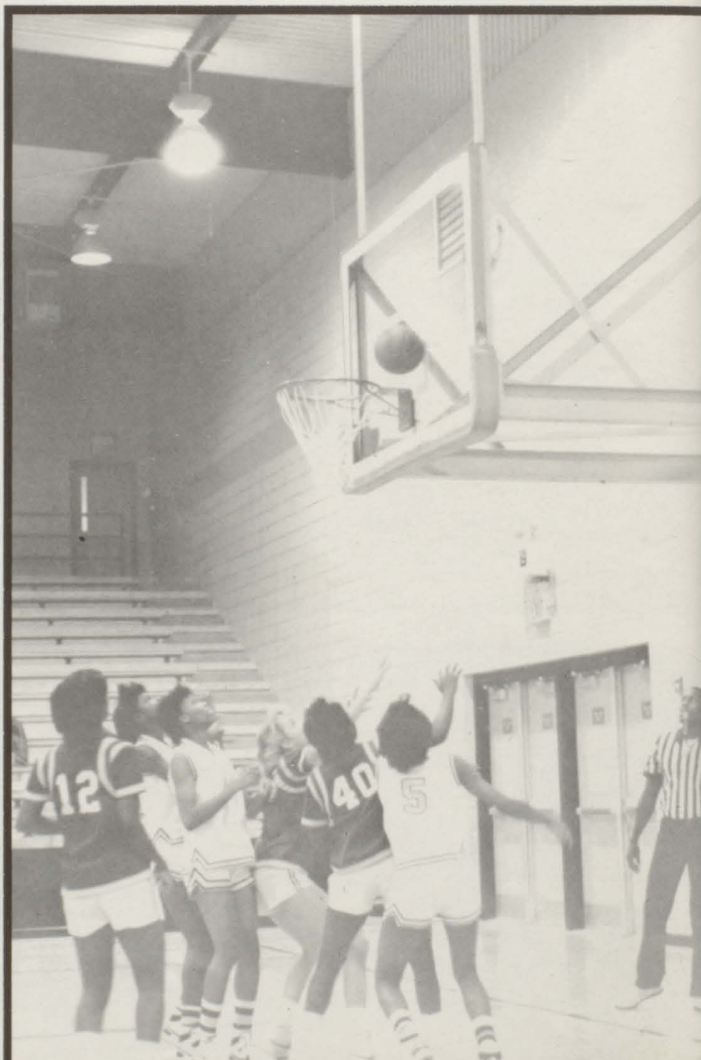

By the end of the season, this team of freshmen could boast of winning all of its home games and losing only two on the road. Led by coach Dudley Eubanks, they ended the season with a winning record.

## Trojans LOVE to ACE Other Teams

The PCHS Tennis Teams, under the direction of Coach Gary Barrett, begin their season in the spring. Most of the matches are played in April. The toughest region competition the team faces is Dublin and Dodge County. Good luck to all of the members in their matches.

# SOFTBALL

This year, the girls softball team set out to make their record a winning one. Their effort was a success. The team rallied to win six out of twelve games. This was quite an improvement when compared to the results of last year's season. The Lady Trojans completed the season with a smash hit ranking, third in our region.

## LADY TROJANS REWRITE HISTORY

Serious training began two weeks before the start of their school term. Formal preparations included batting practices, improvements on catching technique, and speed, but most of all, getting back into shape. The result of all their efforts — a WINNING SEASON!

## CHEERLEADERS 87-88

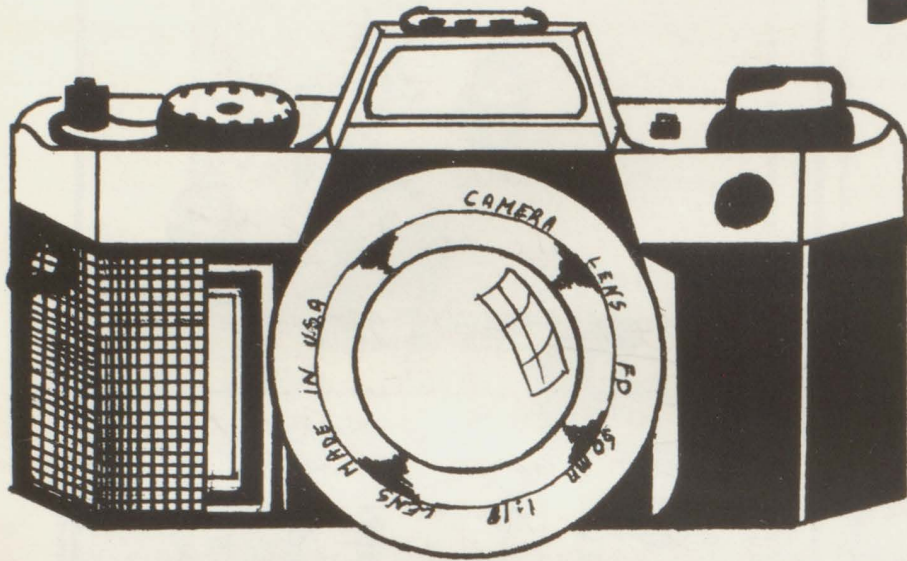

The 1987-88 PCHS Cheerleaders have proved their winning spirit this year. While attending NCA Cheerleading Camp this summer at Ga. Southern College, they received a superior rating, and were awarded the NCA Spirit Stick twice. The Spirit Stick is one of the most prestigious awards given by the National Cheerleading Association.

The squad this year includes five seniors and three freshmen. The Cheerleaders wish the best of luck to all the athletic teams at PCHS.

# TROJAN

## *Caught up in the Spirit!*

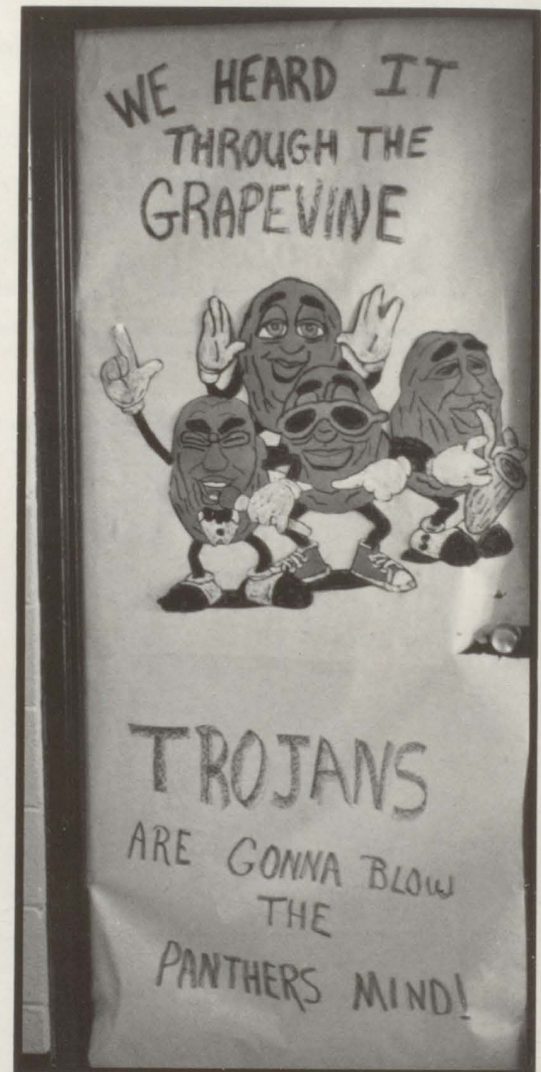

The weeklong celebration included contests ranging from tri-cycle races to egg tosses. Miss Bell's homeroom, 12-E, emerged as the overall winner. The Junior class had the longest spirit ribbon and the Sophomores had the winning float.

This year we had a real live Trojan mascot. He added excitement and humor to the art of spectator sports.

Mr. and Mrs. Americus, **Renee**

**Hillman** and **Sam Butler**, won from a very large field of competitors.

The final competition began in Anderson Stadium at eight o'clock on Friday night — A Trojan War in Trojan Territory. By the end of the night, the Panther Purr had been hushed, for the score stood: Peach County Trojans, 48; Americus Panthers, 13. As we heard through the grapevine, the Trojans did blow the Panthers' minds.

Elizabeth Nicole Burse was crowned Miss Trojanette 1987-88. This was the first time in the history of Peach County High that only one queen was crowned. Liz enjoys reading, dancing, talking on the phone, and most of all, watching Michael Jordan. She is a varsity cheerleader and is a member of several school organizations. Her future plans include attending Spelman College, graduate school, and law school and becoming a corporate lawyer.

Timely moments of the half-time coronation added to the Homecoming spirit, for Homecoming was, as expected, the most exciting part of the school year. It was the last for the Seniors and was, therefore, destined to be the best. For Freshmen, it was full of the excitement of experiencing something for the first time. When the spirit and energy of Juniors and Sophomores were added, Homecoming '87 became an explosion of school spirit!

When asked what they planned to do after high school, all of the girls expressed the desire to continue their education in pursuit of careers which ranged from investment banking to international business.

There were also representatives of the underclassmen in the homecoming court. (Left to Right) **Hope Bickley** is a freshman and a member of the Golden Girls drill team. Another member of the drill team, **Tammy Giles**, was chosen to represent the sophomores. **Wendy Bryan** is a junior and also a Golden Girl. Another junior, **Yolanda Dennis**, was in the court. She is a part of the Trojan Marching Band. **Elantrice Hughley**, a sophomore, and **Robin Alexander**, a freshman, are also members of the band.

## the Marching Army

The Peach County High School Trojan Marching Band was OUTSTANDING this year. Led by Gerald Ellison, Field Commander, and Jason Rachels, Drum Major, and under the direction of Randolph Lindsey, the 185 member band received many superior ratings at various competitions this year.

Its halftime shows included music from Michael Jackson. The songs "Bad" and "I Just Can't Stop Loving You" were two of the most popular songs in 1988.

Congratulations to the PCHS band members for a well performed season. To the seniors, we hope this year produced many LASTING IMPRESSIONS.

# Reflections of PERFECTION

"... 'til you get it right."

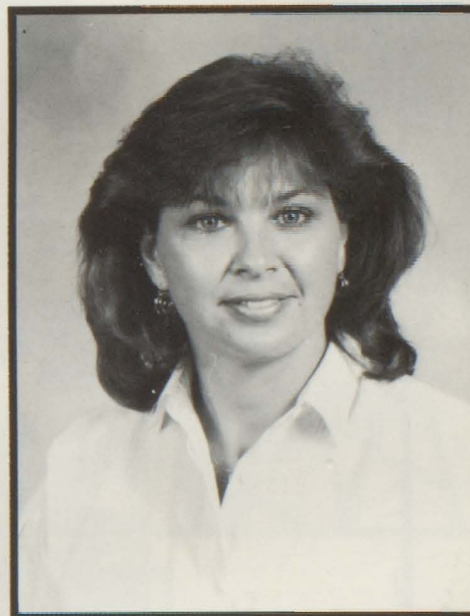

Drill team members heard this more than once in reference to how they were to practice routines. They often found themselves starting practice earlier than the rest of the band and almost al-

ways practicing after everyone had gone home. When the band took its show on the road to competitions, the Golden Girl's performances were reflections of the work they had done to prepare themselves. Their scores told

it all: 96.25, 99.75, and 92.35.

Ashley Wilson, captain, had this to say, "We wanted to be as good as if not better than any other section of the band. In order to do this, we had to make a lot of sacrifices and put in many extra hours.

Everyone did well, and we had a very successful year." — A superior effort by a group of hardworking young ladies.

Mrs. Debra Byrd — Directress

# the End CELEBRATES the Means

Band members practiced about twelve hours a week to put together each ten minute show. Relentless revising and perfecting produced several crowd pleasing performances. The week would start with learning music, routines, and drills. Then, field positions

and yardlines were also put to memory. Once everyone knew where to go and what to do once they got there, little things were added which made big differences in the appearance of the shows. All of these things were practiced over and over until they were

practically reflexive. Band members put on a lot of showmanship to bring it all together. Each halftime performance became a celebration of the hard work it took to get there.

# BEAUTY PARADE

## ONE ACT PLAY

Cast: Chris Allen, Matt Hoots, Ben Butler, Jason Roland, Ami Parkerson, Carmen Haussner, Jenny McLean, Shannon Rackley, Kysha Brown, Kristi Brewton, Marsha Fitzgerald, Tiffany Daniely, Lori Burton, and Gena Abrams. When asked what she thought about Einstein's Theory of Relativity, Daisy Mae Witherspoon, Miss Pretzels, innocently replied, "I'm crazy about it!" Daisy Mae was definitely country, and if country wasn't cool, it was certainly very funny. This was more than obvious as Jenny McLean, who played the role, "made 'em laugh and cry" with her country girl antics.

Approach and kneel: "Etheleen Hudkins, I now crown you our Supermarket Queen!" These were the words of the Master of Ceremony as Etheleen Hudkins, Miss Prunes, was crowned the winner of the pageant. This made her the only fortunate character in this hilarious play.

Run for cover!: As in all beauty pageants, there could only be one winner. In this case, that would leave four disappointed young ladies to play the roles of gracious losers. That did not happen! Not only did the girls burst into tears, but their mothers launched an all out grocery attack on the judges.

The one act play, Beauty Parade, was a parody of the beauty pageants we have come to know and love. With Mr. Beaty and Mr. Orr as directors, the students did a superb job of portraying a cast of stereotypical characters used to mock today's beauty contests. The girls were vying for the title of "Miss Supermarket Queen" and for all of the prizes it brought with it: a Crackenthorpe Motor Scooter, a year's supply of groceries, a trip to any supermarket in the United States, and of course, a crown. As usual, they came as winners of previous pageants and consequently had titles such as, Miss Skim Milk, Miss Canned Corn, and Miss Pretzels. Each girl was accompanied by a very supportive mother, and each mother knew that her daughter would win. By the play's end, the overly incompetent judges had chosen a queen, the gracious losers were on stage crying their eyes out, and some angry mothers had trampled the master of ceremonies and attacked the judges with groceries!

Those in the audience literally laughed until they cried.

# FFA

The Future Farmers of America is an important organization at our school.

Under the faculty advisor, Mr. Sword, the FFA has done many things this year. They have taken part in many exciting field trips, such as the Sun Belt Expo in Moultrie, a hog show at the Georgia State Fair, and the Mossy Creek Festival in Houston County.

The members of FFA do small engine repairs on lawn mowers and power saws. They also try their hand at wood work and various types of welding.

The officers for the 1987-88 chapter of FFA are: Pres. — Nathaniel Allen; Vice Pres. — Cabel Dupree; Treas. — Johnny Joyner; Sec. — Shaw Stafford; Reporter — Brian Mann; Sentinel — Willie Bass; Chaplain — Jerry Eddy.

# FHA

The Future Homemakers of America are active around PCHS. Balloon and breakfast sales are ways members raise money for club activities.

The FHA aids the community and school. Members delight kids on Halloween, and sing carols at the nursing home at Christmas.

Under advisors Mrs. Benton and Mrs. Byas, officers are: Pres. — Shonda Fobbs; V. Pres. — Salundee McGhee; Reporter — Nicole Strange; Sec. — Donnette Bellamy; and Treas. — Daphne Emerson.

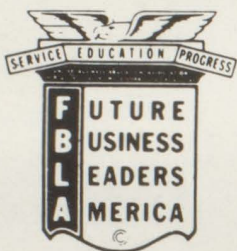

# Future Business Leaders of America

The goal of Future Business Leaders of America is to provide a forum for America's young people to learn and embody the values and drive of the free enterprise system.

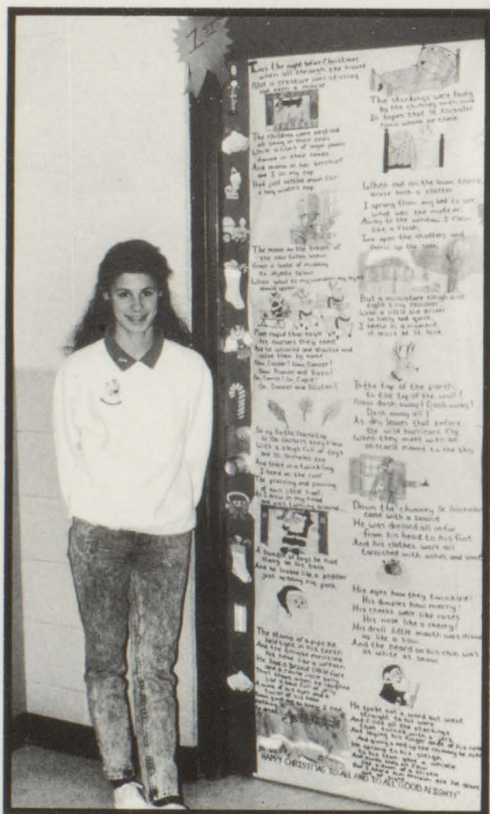

This year, as the national organization celebrates its 45th birthday, it is nearly a quarter of a million members strong. Georgia's FBLA turns 40 this year. It can boast of having approximately 13,000 members. FBLA is not only an outstanding organization, but also it provides an ideal chance for youth to meet people, compete, and hold office.

PCHS FBLA is proud to be one of the top chapters in Georgia. This year's president, Carmen Haussner, is one of the 87-88 state officers, Region 5 Vice President.

Besides participating in several annual projects, the group also sends delegates to each of the leadership conferences.

By being such an enthusiastic group, it is obvious why PCHS FBLA currently has 108 members. This year's state theme is FBLA: Forty Years of Building Leadership Abilities. It is easy to see that PCHS FBLAer's are doing just that!

# JUNIOR CLASSICAL LEAGUE

The Junior Classical League, commonly called the Latin Club, promotes the study of classical civilization in the modern world. The PCHS chapter was founded in 1986 and this year boasts a membership of 33 students.

Although many students scream,

"Latin — first it killed the Romans and now it's killing me!", it has been proven that Latin as a foreign language has helped many students. It has been estimated that the typical student taking Latin can add an average of 500-1000 English words to his vocabulary every

year. Students studying Latin have also been found to score an average of 20 points higher on the SAT and other standardized tests than those studying German, Spanish, or French.

The PCHS Latin Club is proud to have Mr. Ernest Watford as its new sponsor. Mr. Watford comes to us from Columbia, South Carolina, where he taught Latin for four years. Under his supervision, the Latin Club has engaged in many fun, as well as, educational activities. Mr. Watford is indeed a welcome addition to the PCHS faculty.

# Georgia Association of Media Assistants

The PCHS chapter of GAMA is one of many clubs established throughout the school. The purposes of this club are to participate in all phases of media work and to offer expert service to the student body, faculty, and administration.

At the beginning of the school year, GAMA elected officers and set many goals for the year. Local President, Billy Mathis, would like for GAMA members to maintain a positive image and always strive

for excellence. District President, Kysha Brown, shall try to increase club attendance at district meetings and recruit new members while retaining as many old members as possible. The State Parliamentarian, James Latimore, would like to create a working knowledge of parliamentary procedure among local district, and state GAMA members.

This local chapter of GAMA was organized in 1974 and has been very successful in the past years. The PCHS chapter of GAMA has had many mem-

bers who have held statewide offices. There have been 4 State Presidents, 4 State Reporters, 3 State Historians, and 1 State Parliamentarian, as well as 4 District Presidents and 5 District Treasurers. GAMA has also performed many community services. It annually sponsors a Book Fair for the students at PCHS and prepares Heart-O-Grams for delivery for Valentine's Day. During all of its activities, GAMA always SERVES TO FURTHER KNOWLEDGE.

Mrs. Evelyn McCray has been working with GAMA since 1974. In the past fourteen years she has become the 3rd District Advisor and in 1982, the GAMA State Scrapbook was dedicated to her.

"We Serve To  
Further Knowledge"

I believe a Media Assistant should be interested in all phases of Media work. I believe a Media Assistant should be courteous, friendly, conscientious in the line of duty, and have sympathetic understanding toward his co-workers and other members of the school. I believe a Media Assistant should offer full and willing service to the student body, faculty, and administration.

# ARRIVE ALIVE

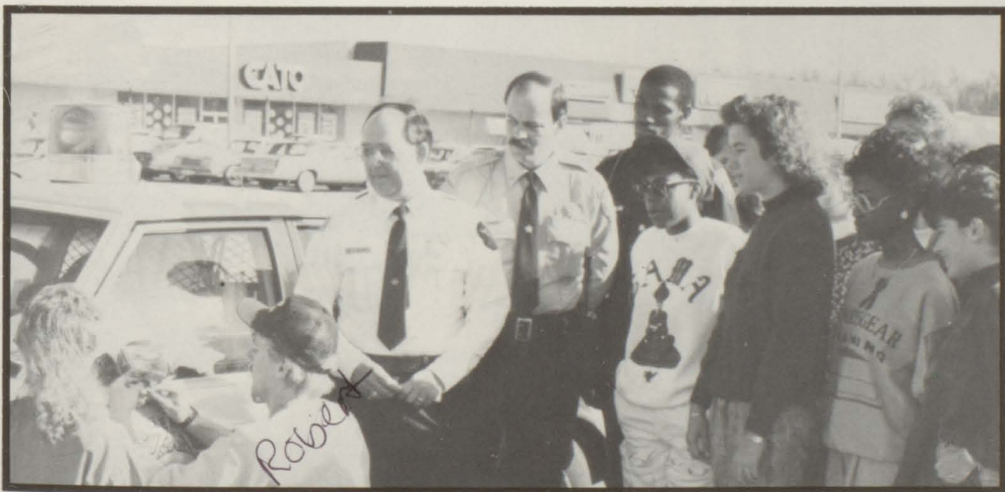

President: Robert Hooper  
 Vice President: Carmen Haussner  
 Secretary: Penny Arrington  
 Treasurer: Edith Parrish  
 Reporter: Ray Moore  
 Advisor: Mrs. Duke

The primary purpose of Arrive Alive is to educate young people of the dangers of drinking and driving. Community support and involvement is important to Arrive Alive. Some Arrive Alive projects emphasize the community while others are "in school" projects.

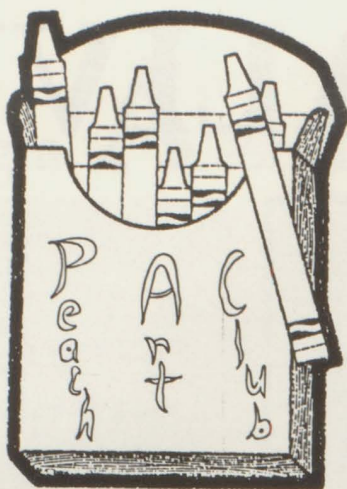

A new activity was undertaken this year, the "Tie One On" campaign during the Christmas season. Red ribbons were tied on cars at school and in community to increase awareness that the holidays are a time of increased alcoholic beverage consumption. Other activities of Arrive Alive include projects which focus on Prom and Graduation nights.

Peach County High School's Arrive Alive membership has doubled each year since the chapter was organized in 1985.

P  
A  
C

P.A.C. is one of the newest clubs at Peach County High School. Because it was established on such short notice and with little preparation, no one thought the Peach Art Club would survive. There are approximately twenty-five members who, with the help of Robert Reed, have proven that they can compete with the other clubs and organizations at PCHS. Over the past few months, P.A.C. members have raised enough money to buy materials for silk-screening t-shirts and supplies for the art classes. An art sale of paintings, drawings, and other art related things is planned for the spring.

Jason Bradshaw, Charles Hayes, Mr. Reed, Victor Taylor, Antonio Daniely, Shawn and Ami Parkerson, Sheila Brewer, Steve Davis, Kimberly Williams, Richie Bennett, Elizabeth Wallace, Keith Burnett, Shannon Rackley, Holly Nelson, Stephanie and Sharon Harvey, Kristie Oman, Michelle Cheek, Tema Ryan, Ashley Wilson, Chandra Dixon, Pam Poole, Paige Hayes, Jodi Hopson.

Officers: V. Pres. — Sharon Harvey; Sec. — Paige Hayes; Pres. — Jodi Hopson; Treas. — Pam Poole; Advisor — Robert Reed.

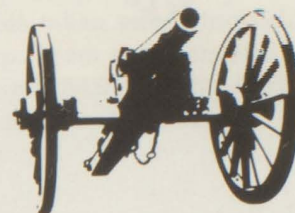

# V.I.C.A.

VICA stands for the Vocational Industrial Clubs of America. The Peach County branch is comprised of approximately 175 members and eight advisors.

Students who join VICA are enrolled in one of several courses: Transportation, Construction, Electronics, Cosmetology, Metalworking, Food Service or Electro-Mech.

The purpose of VICA is to bring out leadership qualities in its members. VICA members are enrolled in classes where they can learn skills which will help them get good paying jobs.

## Science Bowl

The Peach County Science Bowl Team is made up of two teams of Science Club members who have achieved academic excellence in science and have been recommended by their science teachers. These members participate in many varied science competitions across the state.

The Georgia Junior Academy of Science sponsors these competitions to foster and motivate students who are academically superior in various fields of science.

The competitions generally include objective tests taken either individually or as a group. Team members also must compete in oral head-to-head examinations against other teams. Questions asked to the students range from simple to complex in all areas of science including Astronomy, Geology, Biology, Chemistry, and Physics.

The teams can compete at all levels including local, district, and state. Upon successful competition at each level, the team wins certificates and a trophy, plus recognition as an academically superior science team.

## Quiz Bowl

Peach County High School has had two or more Quiz Bowl Teams in previous years. This year, however, only one team was selected. In order to be selected for Quiz Bowl, students must make an exemplary score on a comprehensive examination emphasizing all academic areas, as well as current events.

Previously, Peach County teams have participated in competitions at various high schools and on college campuses in the Middle Georgia area. During the 1987-88 school year, the Quiz Bowl team has successfully competed at Gordon College in Barnesville, Georgia, at Taylor County High School in Butler, Georgia, Georgia Southwestern College in Americus,

Georgia, and Macon College, Macon, Georgia.

## Student Advisory Forum

The Student Advisory Forum was organized to provide a communication channel between the administration, teachers, and especially the students. Its main goal is to achieve better working relationships between everyone involved with Peach County High School.

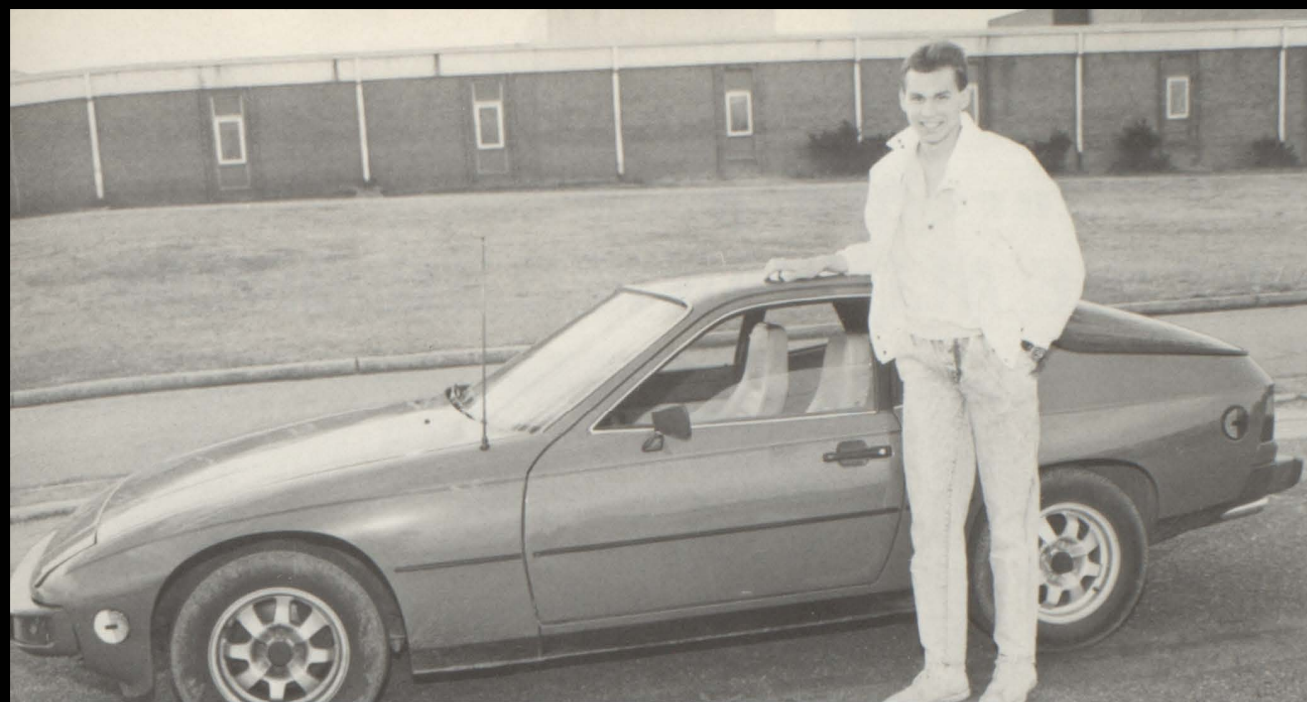

The Forum has succeeded in getting the rule concerning students involved in the work programs changed. It also helped change the rule concerning the loss of four and eleven points due to unexcused absences.

The Forum is sponsored by Mrs. Polly Hubbard and is supported by our principal, Mr. Frank Spearman. The officers are: President — Trina Steele, Vice President — Kysha Brown, Secretary — Chandra Dixon and Treasurer — Chris Radar.

# C A R S

About 25% of PCHS students drive to school. They come in cars, trucks, and jeeps. We think it will be interesting in 2001 when we are speeding around in our spacemobiles to stop and remember the different means of transportation used by the students at PCHS in 1988. As you reflect, remember the popular Ford Escort and Mustang GT.

We surveyed the student parking lot and chose a sampling of the vehicles. These proud owners were pleased to pose for us. At top, William Khoury stands by his red Porshe. Tim Watson would love to leave campus in his red CRX. Lisa Moultrie and Tracy Harris admire Andrea Carter's black Maxima. Lee Joyner and Matt Hoots beam before his Golden Eagle Jeep.

## ***P.C.H.S. Feature Story '88 ...***

# **RULES WE ALL WANTED TO BREAK**

Peach County High School students have been discontented with those rules found in the student handbook for many years. They have especially complained about the dress code. That is why we entitled this years' feature story: "RULES WE ALL WANTED TO BREAK, BUT COULDN'T." Deep down we know that we need these rules. AFTER we graduate we will thank our administrators and teachers for enforcing these rules. Right NOW, though, if we had our way, we would break the following rules:

Rule 1 — Radios and tape players are prohibited.

Rule 2 — At no time should there be any bodily contact. This includes holding hands.

Rule 3 — Use of the restroom without a key is prohibited.

Rule 4 — Tank tops and muscle shirts are prohibited.

Rule 5 — Girls are not permitted to wear skirts which are shorter than two inches above the knee. Boys must wear full length pants.

Rule 6 — Shoes must be worn with socks or stockings.

Rule 7 — Boys hair shall not cover the collar.

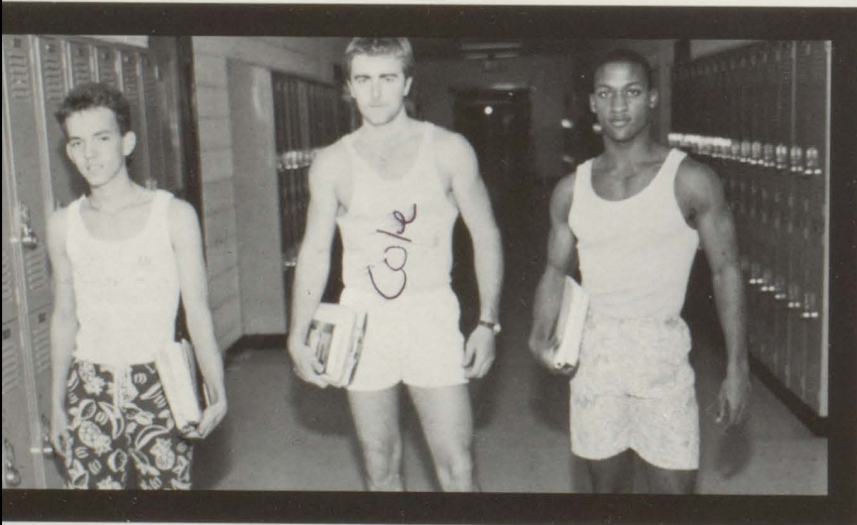

Rule 8 — No garment shall be worn which advertises or advocates the use of alcohol.

**NOTE:** ALL pictures used for this feature story were staged with the permission of our administrators.

# LASTING IMPRESSIONS:

## We Brought It All Together!

*It Was Fun —  
We hope you like it!*

The challenge was evident from the beginning — a novice advisor and nineteen staffers — only four with experience. After a meeting of the minds, the stage was set; the concept was understood; the work was begun. Our decisions should represent the total PCHS family, not just the staff.

Selling ads and yearbooks was everyone's responsibility. September was ad sales month. We received deposits on 500 yearbooks very quickly. English teachers helped by collecting payments from their classes.

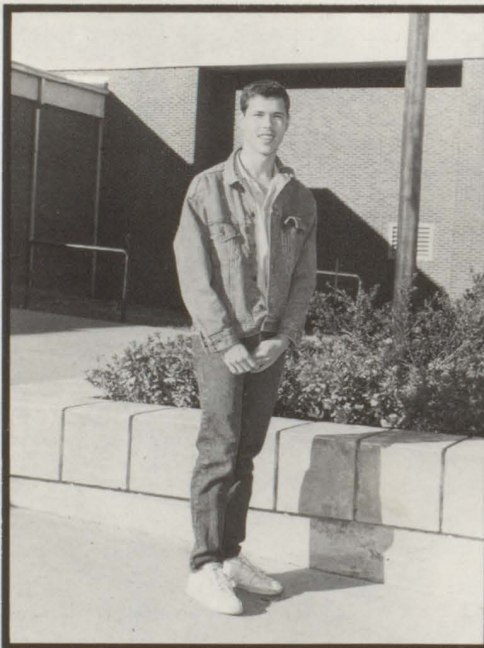

Continued on page 146.

### **TOPS in Ad Sells** *Allan Hallman Claims Title*

Allan Hallman definitely succeeded in his search for businesses' financial support. He collected over \$1,100 worth of ads in a single month. Allan not only did this, but also continued to help other staff members with the task. Thanks, Allan!

## *A Look Back*

As the 1987-88 school year comes to an end, I am compelled to look back and reminisce over all the little and big things that have happened. This year certainly has proved to be one of **Lasting Impressions**.

One creator of Lasting Impressions was the Retrospect Staff. We worked hard as a true team to produce this outstanding work and to beat deadlines. It is evident that the staff put themselves to the task and did a stupendous stint. I thank this year's staff for a job well done. However, we could not have made it without the sincere determination of Mrs. Ernestine Johnson. Thank

you for believing in us and for putting your all into the formation of the 1987-88 year-book, **Lasting Impressions**.

Finally, I have found that being editor has been quite rewarding. It has been a unique experience in itself. I have seen freshmen just making their mark at PCHS, sophomores being glad they aren't freshmen anymore, juniors looking forward to the "last" year, and seniors creating their final lasting impressions. It was my joy to capture our Trojan pride in this book.

*in retrospect ...*  
Lee

### **THANKS — from Lee**

To Kysha for always being a fun, hard-working staff member  
To my family for all your support  
To Mr. Spearman for your insight and valuable decisions  
To my friends for listening and being there  
To MTH for being such a wonderful, close friend

And from the staff and Mrs. E. Johnson, we'd like to give a big THANKS to Mr. Young, our representative, for his excellent supervision and guidance in producing this year's annual.

Lee was to be editor, but all other jobs would be shared. The best ideas, the best layout would be the one used. Allan, Ray, and Gerald would be photographers; everyone would be alert to workable shots. Keith and Carmen would keep track of all our funds. As quickly as Kysha and Barbara could generate copy, Michelle, Vicki and Danielle could get it typed and Sheila could get the idea on a layout. Sabrina, Daphne, Michelle and Andrea put many hours on the ad section. Mrs. Johnson could depend on B.J., Kerry, Stephanie, and Brian to come in with money from book sales on special projects.

Everyone was needed to bring it all together.

# *Lasting Impressions . . .*

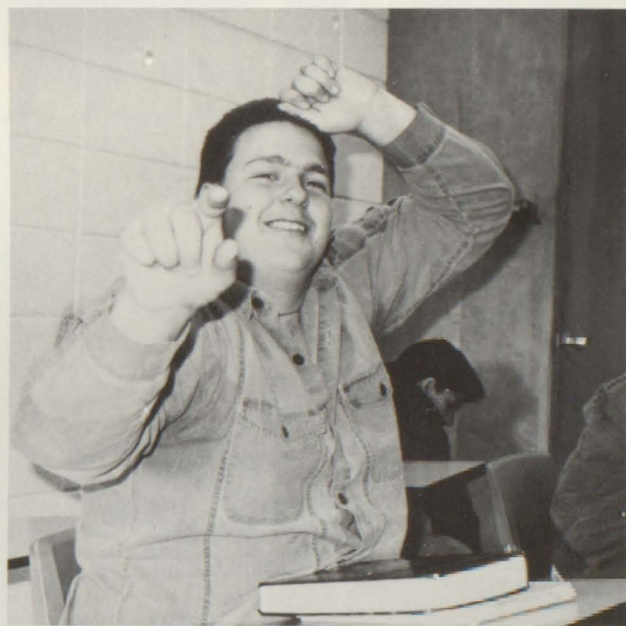

*At work  
and play*

Amy Ward takes time to recapture the **LASTING IMPRESSIONS**.

Bringing it to a close:

Students meet in classes and in the library to study for exams. Mrs. Hubbard gives some final instructions. Chucky Miller is caught making vacation plans, while

Chuck Hinson does a little in-class celebrating. Senior exams are over, and Shannon Rackley and Dena Burnette make their last trip to the parking lot.

... *Lasting Impressions*

*in retrospect*

*... taking  
a little  
time to  
look  
back on  
it all.*

Sheldon Hollingshead, a senior, comes to the conclusion that we all share — it was definitely a good year.

Another year of LASTING IMPRESSIONS has ended, but PCHS students can look forward to many more.

*1987-'88*

# Ice Storm — '88 Style

## No School, No School, **NO SCHOOL!**

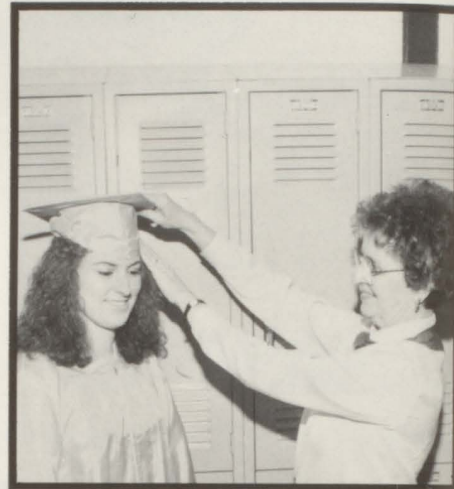

Ice and snow storms are rare occurrences in our area. So imagine the excitement when students got a chance to throw "ice balls" and walk or slide at school. Sledding was the ultimate thrill.

School was dismissed early on January 7, 1988, so that we could start the long, slow drive home. Mr. Spearman really made our day with "No school tomorrow."

# *A Time to Celebrate*

## *The Record Speaks for Itself*

The goals of the Class of '88 are many . . . to study medicine or engineering, the armed forces or athletics, to educate others. Students look to the future and wonder what it holds. The odds are in their favor. PCHS prepares graduates with the knowledge and pride to succeed. Students work hard. If a complete list of all the accomplishments is ever written, one will see . . . the record speaks for itself.

**FROM the SPONSOR — THANKS!**

From the very first day, the Peach County High School administrators, faculty, staff and students gave me support, cooperation and encouraging words. You embraced all of the ideas and projects and made them yours. I thank you so very much. Still, the task would have been too big had it not been for the day to day involvement of the English teachers. I knew that I could count on you.

The Retrospect Staff was a dedicated, hard working, energetic, food loving but somewhat eccentric group. It was a

pleasure working with you. Lee was a superb editor. Each of you, in your own way, got the job done. You accepted your assignments enthusiastically and you completed them successfully. You were eager to be a part of the team, and it is evident in this final product. Be proud, yet humble. I thank all nineteen of you so very much.

My husband Curtis did what he promised many years ago. He stood by me. Thanks. It is comforting to know that you are always with me.

What DO YOU Really Want to Be?  
We have it, in the Army.

The old trap of being turned away from a job because you don't have experience doesn't apply in the Army. We're one employer who accepts you for your potential, not your experience. That's why we're more interested in how fast you learn to program a computer; instead of how fast you can take dictation. And while we train you, we also pay you.

## VOT

Vocational Office Training is a cooperative work-training program for high school juniors and seniors preparing for full-time employment in business occupations. It is, in fact, the "capstone" of the business education program where the knowledges, skills, and techniques learned separately in business classes are brought together and applied to an actual office job. It consists of three parts: classroom instruction, on-the-job training, and leadership training in the Future Business Leaders of America. Some of the job sites where VOT students are currently working are: Peach County Hospital, Middle Georgia Bank — Byron, Middle GA RESA, Blue Bird, Khoury's, Valley Cable TV, Thomas Public Library, *The Leader-Tribune*, and Peterman Auto Supply. Each spring, the VOT class holds an Em-

ployer Appreciation Banquet to express gratitude to those Peach County businesses that have participated in the program. This is the third year for VOT at Peach County High School with approximately 80 students having been in the program.

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach to gain a comprehensive understanding of the research topic.

The third part of the paper presents the findings of the study. It discusses the results of the quantitative data analysis and the insights gained from the qualitative interviews. The authors conclude that there are significant cultural differences in the way that students learn and that these differences should be taken into account by educators.

The final part of the paper discusses the implications of the findings for future research and practice. It suggests that further studies should be conducted to explore the cultural factors that influence learning outcomes. Additionally, it recommends that educators should be trained to recognize and respond to the cultural needs of their students.
